**** Important News About Your Account ****

Account Status

Thank you for choosing AT&T. You may be eligible to receive a Primary Interexchange Carrier (PIC), or winback reimbursement, please call 1 888 335-0007.

Various billing options are available to meet your business needs. Please contact your Account Representative at the number on the top of your bill.

Regulatory News

The California Public Utilities Commission has suspended indefinitely the beginning dates of mandatory 1+10-digit dialing and the openings of new overlay area codes that were scheduled for the 408, 415, 510, 650, 714, and 909 area codes. In the case of the 909 area code, which is also scheduled for an area code split, the split is only temporarily delayed and will proceed on a schedule to be determined in the near future.

See next page for more news!

PLEASE MAKE CHECKS PAYABLE TO AT&T AND INCLUDE YOUR ACCOUNT NUMBER ON PAYMENT.
PLEASE MAKE SURE THAT THE AT&T P.O. BOX ADDRESS IS SHOWING THROUGH THE ENVELOPE WINDOW.

AT&T Business Service**Regulatory News**

ATTENTION CALIFORNIA CUSTOMERS IN THE 707 AREA CODE: A 3-way geographic split of the 707 area code has been approved and will occur in two phases. In Phase 1, that part of the 707 area code serving Solano county and small portions of southern Napa county will receive a new area code, 369. In Phase 2, that part of the 707 area code serving the rest of Napa county and the greater part of Sonoma county will receive a new area code, 627. A small part of southern Mendocino county will also receive the 627 code, and small portions of northern Sonoma county will remain in the 707 code.

In Phase 1, beginning on 12/2/00, calls from outside the new 369 area may be made using either the new 369 code or the existing 707 code. As of 6/2/01, the new code will be required to place calls into the 369 area. As with other out-of-area calls, calls out of the 369 area to the remaining 707 area will require 1+10-digit dialing.

In Phase 2, beginning on 10/13/01, calls from outside the new 627 area may be made using either the new 627 code or the existing 707 code. As of 4/13/02, the new code will be required to place calls into the 627 area. As with other out-of-area calls, calls out of the 627 area to the remaining 707 area will require 1+10-digit dialing.

Thank you for using AT&T where every customer counts
